IMPERIALISM—THE DEMOCRATIC TOCSIN.

A Five Minutes' Talk on Democratic Heresies—Thomas Jefferson the Idol the First to Annex New Territory to the Original States—The Negro Disfranchised.

Prepared by Dr. Ernest Lyon.

Five minutes' talk upon what the Democratic Party in its attempt to dodge the money question is pleased to call the Paramount Issue, viz: Imperialism.

According to Democratic definition, and we take the highest Democratic authority, viz: Mr. Bryan himself, the standard bearer of that Party—"Imperialism is government, without the consent of the governed," or government by force, pure and simple. This form of government Mr. Bryan declares exists in the Philippine Islands, and he charges the Republican Party with responsibility for its existence.

REV. ERNEST LYON.

Member of the Advisory Committee.

It is unnecessary to enter into the history of the acquisition of these Islands. You are already too well acquainted with that history. It is sufficient to say, however, that the Philippine Islands, in the main, have been acquired in the same manner in which the territory of Louisiana, Alabama and other portions which now constitute the geographical area of the United States, namely by purchase and without the consent of the inhabitants. In the same manner these Islands now in question came into our possession.

It will be remembered that the Louisiana purchase which now includes the States of Louisiana, Arkansas, Missouri, Iowa, Kansas, Nebraska, North and South Dakota, Montana, Oklahoma, the Indian Territory and most of the States of Minnesota, Colorado and Wyoming, was purchased from France during the administration of Thomas Jefferson, the Father of the Democratic Party, the eminent Statesman and Patriot whom the present Democratic Party holds up as the embodiment of of constitutional rectitude, and with whom Mr. Bryan himself claims discipleship. The result of that purchase has been so beneficial that no American citizen, Democrat or Republican, would now say aught against the wisdom of that transaction. It was the policy of Jefferson's administration to annex that territory to the United States, and did annex it. But it is not the policy of the present administration to annex the Philippine Islands. The policy is to put down insurrection, to establish a stable government, and to turn over the same to the Filipino as soon as he is capable of self-government.

But for the sake of argument let us see which of the two Parties is guilty of Imperialism. Let us see whether

there is any sincerity in the boasted sympathy of the Democratic Party for the Filipino, thousands of miles away, whose right and liberty they declare the Republicans have robbed.

The constitution of the United States says: "All government derive their just powers from the consent of the governed." Now Imperialism is to govern citizens without their consent, through force and intimidation. Such being the case we charge that the Democratic Party has violated the constitution of the United States in that they are now governing seven or eight millions of Negro citizens without their consent. For example in North Carolina, in South Carolina, Louisiana and Mississippi they have directly disfranchised three millions of Negro citizens, and they are now governing them without their consent. Therefore, the Democratic Party is not only guilty of the theory, but of the practice of the imperialism which they fail to repudiate. Now Mr. Bryan knows that this code of fraud, intimidation and disfranchisement, which is the very embodiment of Imperialism, exists in the South among the Negroes, his own fellow-citizens, yet he is silent. He never says one word against this imperialistic mode in the South, and what is more alarming, he is the close friend and companion of Ben Tillman and the other enemies of our constitution.

Compared with this we state the policy of the Republican Party which accords to every citizen the right to cast his ballot and to have it counted when cast. It is the policy of the Republican Party to protect every man in his constitutional rights in the peaceful enjoyment of happiness, in the acquisition of property and in the preservation of life. These rights the Republican Party has guarded with sacred vigilance. Let both Parties be judged by the records they have made. A ready the Democratic Party has disfranchised nine-tenths of our race. Shall the rights of the other tenth be taken away?
